ALUMNAE MEETING

The Conveners of these two events were thanked by the President for their efforts.

Miss Ferguson stated that the Hospital was celebrating its Diamond Jubilee this year, 1952, and asked the opinion of the Meeting regarding an appropriate gift from the Alumnae.

Moved by Doreen Murphy, seconded by Grace Murphy, that a gift of \$500.00 be donated. Motion carried.

Miss Marilyn Moore was asked to speak to Sister Superior regarding the above.

It was announced that Laura McGurk would assume editorship of The News.

Volunteers were asked to convene the Bridge to be held in the Fall. As there were no volunteers Miss Gwen Ferguson said she would undertake the task. Miss Grace Murphy suggested that the Bridge be held in the evening instead of the afternoon.

Mrs. Kay Gies gave a very interesting report of the meeting of the C.N.A., held in Quebec City in June, 1952. Mrs. Gies was thanked by the President for her address.

Miss Ferguson requested that each nurse bring one extra member to the September meeting.

The Door Prize was won by Miss Adele Johnston.

Moved by Mrs. Martin, seconded by Mrs. Mellroy, that the meeting be adjourned.

The June Meeting of the Alumnae Association of St. Michael's Hospital was held in the lecture hall of the Nurses' Residence on June 10th, 1952.

The Minutes of the March Meeting were read and approved.

The Treasurer's Report was given by Miss Genevieve Donovan.

General Fund—\$1,683.88.

Scholarship Fund—\$1,937.00.

In the absence of Miss Griffin, the correspondence was read by Miss Ferguson. Letters of appreciation were received from Sister DeSalles, Mrs. Wagner and Miss Ann Creed.

The Convener of the Tea, Mrs. Quinlan, gave the report:

Received	\$ 87.45
Expenditure	\$103.40

Report of Mrs. Gies re C.N.A. Convention

Because an ill wind blew, Miss Doreen Murphy was unable to attend the C.N.A. Convention, as planned and I was the lucky person to go to Quebec, to represent our Alumnae. It was a wonderful week—one I shall never forget.

Miss Marjorie Shephard, St. Elizabeth Visiting Nurses' Association, was my travelling companion. We arrived in Quebec, in the morning, May 31, 1952. Within an hour we set out on foot to see some of the old city. As we walked up and down the steep, winding streets, I marvelled at how men had built a city on such terrain and how these solid buildings had weathered time and climate and, last but not least, at the masterful way cars and trucks are driven on the narrow, steep streets! We visited Notre Dame des Victoires Church and the Basilica before lunch. Each is very old and rich in art.

The Congress of the Catholic Nurses' Association of Canada, with an attendance of 800 sisters and lay nurses, was held on May 31 and June 1, in the Canadian Institute of Quebec. The closing session was at the Convocation Hall of Laval University. The medical lectures dealt with Psychiatry and Pediatrics. The general theme of the congress, expressed by His Excellency, Msgr. Garant and by the Rector of Laval University and by the Chaplain of the Association, was the evergrowing need of an awareness of our responsibilities today, when grave moral issues, such as sterilization, teaching of birth control and mercy killing, are tolerated and even endorsed by so-called Christians. All nurses of Catholic hospitals and Schools of Nursing must be ready to meet this challenge and be prepared to defend Christian standards, in our work and in our daily living.

On Sunday, June 1, we attended Mass and Benediction at Ste. Ann-de-Beaupre, were guests for lunch at Kent House, which is beside Montmorency Falls, and for a delicious dinner at Pavillion Msgr. Vachon, the only completed building on Laval's new campus.

The Canadian Nurses' Association Convention opened Monday morning, June 2. About 1800 were registered from all parts of Canada. Two hundred student nurses held separate meetings and joined in our social functions. St. Michael's was well represented. Among the sisters present were Sr. Mary Réne, Sr. St. Albert, Sr. Marion and Sr. M. de Sales. Several Nursing Sisters were there—Flora Brohman, 1932, Mary Cutler, 1947, and Leona Costello, 1946, joined us frequently. Dorothy Rowe represented St. Michael's students.

Miss Helen McArthur, president, reviewed the progress of the Canadian Nurses' Association at the opening meeting, stressing many achievements since the Weir Report in 1932,—as, various health services, Nurse Registration Acts, increased financial support through government grants, increased membership from 8,000 to 30,000.

The meetings were held in the ball room of the Chateau Frontenac, for the English-speaking nurses. The French-speaking nurses convened in a nearby room where they received an immediate translation of the entire meeting through a special mechanical device. Their responses were brought back by messenger.

The reports of the various committees will be found in the August issue of The Canadian Nurse.

The Structure Study, which was prepared by Dr. Pauline Jewett, a political scientist, was presented for discussion but referred back to the

provinces for further study. The fact that this study contains radical changes should make us aware of the need of active participation and interest in our Association, at both the provincial and national levels. The C.N.A. is our voice—we must do our share in moulding policies which affect nurses and all mankind. Sister de Sales summed up most of the discussion when she said from the floor, “informed members are necessary before changes are made, and in all events, principles of Christian Democracy must be maintained.”

Late in the afternoon, a colorful pageant, on the history of nursing in Quebec, was put on in the garden of the Hôtel Dieu by the student nurses and the internes. The boat the sisters and missionaries arrived in was in the garden. The first teepee and hospital, built in 1658, have been preserved and it was easy to picture the hardships these brave sisters endured.

On Tuesday the role of the nurse in national emergency was explained, followed by demonstrations on:

1. Casualty care in mass disaster.
2. Nursing of the neurological patient.
3. Nutrition in pregnancy.
4. Oral hygiene.
5. Total care of tuberculosis patients.
6. Total care of cardiac patients.
7. Nursing demonstration by V.O.N.
8. Care of arthritic patients.

The hall was so crowded that I went back in the evening to see casualty care in mass disaster. This skit is to travel across Canada and it is well worth seeing.

Wednesday was the day for sight-seeing. I went to Mass at the Basilica and said a wee prayer for all of us. Then I saw many historical spots in the city by riding in a horse-drawn vehicle (a calech). In the afternoon there was a trip to the Isle of Orleans. It is beautiful and the soil is the most fertile in the province. After dinner we toured the Citadel and then went to the Winter Palace for a social hour. Five hundred were expected and eleven hundred were served.

On Thursday Dr. A. R. Lord's Report was given. It is an evolution of the Educational Policy at the demonstration School of Nursing in Windsor. The conclusion showed no significant difference in the calibre of the demonstration school students and those of the control schools.

In the afternoon there was a panel discussion, “For Better Service Today and Tomorrow.” The study was done at the Ottawa Civic Hospital, on the duties of a head nurse because of nurse shortage. It was felt the head nurse has too much clerical work to do.

The scrutineers' report followed. That evening the Mary Agnes Snively Memorial Lecture was given by L'Abbe Arthur Maheux. He traced French culture in Canada and told of the university level education the Jesuits have maintained. His plea was for national unity.

Friday morning Miss Gertrude Hall, retiring general-secretary, was presented with a cheque and a silver tray. The discussion on the Structure Study was continued and when it was referred for further study, I made a personal resolution never to miss a chance to actively participate or vote in my district organization.

We left Quebec Friday afternoon. The delegates held the final meeting June 7. I would like to close on a note of appreciation for the privilege of attending the convention. It has made me realize that I must be more active in our Alumnae and in the R.N.A.O.

DR. WILLIAM MAGNER

There is a vacant place and a void at St. Michael's. Dr. Magner has gone from our midst.

Dr. Magner died at his home, 133 Hanna Road, on May 11, at the age of 65. He had suffered an illness during the past year but had recovered sufficiently to resume his duties at the hospital.

Dr. Magner was born in Cork, Ireland. He was educated at the Christian Brothers College and the University College, Cork, from which he was graduated with the degrees of M.B., B.Ch., and B.A.O. Later he received the degrees of D.P.H., N.U.I. and M.D. The University of Saskatchewan conferred upon him the honorary degree of L.L.D.

He was past president of the Canadian Medical Association, the Ontario Medical Association and the Toronto Academy of Medicine. He was also

IN MEMORIAM

a member of the American Association of Pathology and Bacteriology and the American Association of Pathology. He was the author of several books, including a Textbook on Hematology.

A veteran of the First World War, Dr. Magner served as Bacteriologist with the Southern District Irish Command and later was with the 10th Division at Gallipoli.

Dr. Magner had been on the staff of the University of Toronto and the staff of St. Michael's since 1921, and at the time of his death he was Assistant Professor of Pathology at the University, and chief Pathologist and Director of Laboratories, and chief advisor of the Medical Board at St. Michael's.

He leaves his wife, four sons, Dr. Desmond Magner, professor of Pathology, University of Ottawa; William, Bryan and Neil Magner, all of Toronto, and two daughters, Mrs. Herbert Johnstone, South, Ind., and Una, Toronto.

We, St. Michael's nurses, have always regarded Dr. Manger as a real friend and appreciated the privilege of our association with him—in the School of Nursing where he gave so generously of his time and ability, and on the hospital wards where we experienced his knowledge and help.

It is the privilege of too few to share the association of one possessed of such qualities of heart and mind as Dr. Magner. His passing will leave gaps in the life and work of St. Michael's which he has made his debtor—the richer for his presence and the poorer with his passing—and where his memory will live long.

With these thoughts we would associate ourselves in sympathy with Mrs. Magner and her family. To Dr. Magner a grateful sincere tribute and a remembrance in our prayers.

PAPAL HONOR FOR TWO ST. MICHAEL'S NURSES

(From The Canadian Register)

TORONTO, June 8—His Holiness Pope Pius XII has been pleased to confer the medal "Bene Merenti" on two nurses at Sunnybrook Military Hospital, Toronto, Miss Constance McCarthy and Miss Julia Montgomery.

The decoration is awarded in recognition of the devoted service they have given to the patients placed under their charge at Sunnybrook Hospital and in former years at Christie Street Military Hospital. Miss McCarthy and Miss Montgomery have been outstanding in the attention they have given to the medical care of patients, members and ex-members of the armed forces of Canada; they have also been zealous in helping to provide for the spiritual welfare of Catholic patients.

The medals were handed to the recipients at an informal ceremony on Tuesday evening last week by the Rev. Dr. Leonard Wall, Private Secretary of Cardinal McGuigan, Archbishop of Toronto. Dr. Wall represented His Eminence who is now in Europe. The ceremony took place in the office of Dr. Carl Hollis, Superintendent of Sunnybrook Hospital. Present at the ceremony were Catholic chaplains, Father Barker, S.J., and Father T. R. Harding.

NURSES' NEW RESIDENCE DEDICATED BY CARDINAL

From the Globe and Mail
Dated July 3rd, 1952.

By Mary E. James

First event of the diamond jubilee year, happening yesterday on exactly the 60th anniversary of the founding of St. Michael's Hospital, was the formal opening of the new nurses' residence, Shuter and Bond Streets, opposite the cathedral.

Cardinal McGuigan blessed and dedicated the new building and presented a golden key to Premier Frost who officially opened the building and was guest speaker.

The new \$700,000 residence, connected by a tunnel under Shuter Street with the hospital, is part of a \$5,000,000 building program undertaken within a three-year period. Later in the jubilee year a new out-patients' department will be opened, and the new north wing of the hospital, now under construction, which will include a psychiatric unit, six additional operating rooms and a unit for treating burns.

Congratulating all who had a part in bringing the 900-bed hospital to its present size and status as a large metropolitan hospital, Premier Frost paid eloquent tribute to the Sisters of St. Joseph. He was glad, he said, to have a small part in bringing St. Michael's to its present status through a revision of the grant system.

Referring to the fact that St. Michael's began as the result of a diphtheria epidemic (when the M.O.H. of the day asked the Sisters to help nurse patients in the old isolation hospital, two years before St. Michael's actually opened), the Premier stressed the advance in medicine in the past 60 years.

"Diphtheria is something we do not have in Ontario today—nor smallpox which struck terror into the hearts of the people when I was a boy," he remarked.

Government departments, the medical and nursing profession, are not the whole story in national health, the Premier went on. Such things as sanitation and refrigeration and the very electricity which operates so much modern equipment has played a large part in raising health standards.

Others on the platform were Bishop B. I. Webster; chief medical inspector of hospitals Malcolm E. J. Stalker; deputy health minister Dr. J. T. Phair; inspector of hospitals C. T. Telfer, and Dr. E. F. Brooks, chairman. Civic representatives and superintendents and nursing heads of other Toronto hospitals were among guests who toured the residence.

The new seven-story building, of red brick and stone, is 116 feet by 55 feet, and harmonizes in architecture with the hospital. It has terrazzo floors and pastel painted walls, along with window drapes, floor rugs and modernistic upholstered furniture of durable type.

On the ground floor is the combination gymnasium and auditorium with spectators' gallery where the opening was held. It is fully equipped for recreational and dramatic purposes and may be converted into a large tearoom by stowing away nesting chairs. There is an adjacent kitchenette. Gym facilities include showers and locker rooms and there are storage and trunk rooms at street level.

Special features of the teaching facilities on the second floor are a six-bed demonstration room fitted exactly as a hospital ward; a classroom to accommodate 100 which may be divided into smaller rooms by modern folding doors; a dietetic laboratory completely equipped with stainless steel, and a chemistry laboratory equipped for 24 students.

The individual bedrooms on the upper five floors are equipped with metal furniture painted in pastel shades. In each room is a continental bed, with reading lamp; combination vanity table and desk; highboy and room clothes cupboard; upholstered easy chair and a desk chair.

There is running water in every room and at either end of every floor ample bath and shower facilities, and laundrette with drier. On each floor also are comfortably furnished sitting rooms with kitchenettes for snacks.

The building has a roof garden giving a magnificent view of the city.

Bea. Gough McCaffery, Calgary, enjoyed a trip by plane to Toronto and Detroit. While in Detroit spent a day with Mrs. Tillie Shanley and Lulu Marrin.

Mrs. Rita Hetherman Walsh, '25, Summit, N.J., is holidaying at Kahshe Lake, Muskoka, until the Fall. Glad you have made such a good recovery from your illness, Rita.

Mrs. Kay Lacis Le Beau spent a short vacation in Buffalo.

Mrs. Marie Van Wert (McGill, '31), holidayed in the Adirondacks Mountains on her way to her new home in Dwane, New York. Marie will be on the staff of the Alice Hyde Memorial Hospital, Malone, N.Y.

Florence O'Reilly is spending the month of August on Vernon Lake, near Huntsville.

Audrey Kearns spent a very enjoyable vacation touring in the Province of Quebec, visiting Montreal and Quebec City and a week at the Isle of Orleans.

Irene Nealon has been on vacation for some time at Timber Bay, Muskoka, and is now at the Martyrs' Shrine, Fort Ste. Marie, where she will be till October.

Irene McGurk Dunbar motored to Montreal then on through the Green Mountains and through the States to Detroit.

Mrs. Celia Lytle Cowan enjoyed a trip to the Coast.

A GET-TOGETHER OF 1932 CLASS

On May 29th, 1952, a little get-together of the Graduating Class of 1932 was arranged for at the Royal York Hotel, first for cocktails at 7, then dinner at 8 in a private dining room. After dinner and much reminiscing about training days at St. Mike's a committee was appointed to arrange a reunion for the 25th anniversary. Most of the girls stayed 'til the wee small hours of the morning.

Laura Larkin and Verna Metcalfe Keys were responsible for a most enjoyable evening.

Attending the dinner were:

Kay Darragh Irwin, Mary Coffee Spratt, Vern Metcalfe Keys, Irene Martin McClelland, Laura Larkin, Dot McArthur Hethrington, Mil Crowley, "Toots" Regan DeDiana, "Chick" Kelly Quinn, Ev. VanLane Cassan, Mary Callon Danis, Barb Grant, Peggie Sugrue Murphy, Lillian Clegg, Flora Brohman, Bea Curtis Vining, Peg Hall Fyfe, Elva Lewis Clayton, Clara Boon Charlton, Camilla Corbitt McQuaid, Helen Drohan Gowanlock, Mary Quinlan Kahnert, Olga Clarke Kelly, Marion Topham Finnegan, Eileen Burns, Connie Bond, Ceal O'Donnell Finnigan, Norma O'Connor, Mamie Moriarty Waller, Marg. Mallon Murphy, Frankie Wilkes Evans, Laura McGurk, Marg. MacArthur Baker.

A REUNION HELD BY THE CLASS OF 1927 May 17th and 18th, 1952

The week-end activities began on Saturday, May 17th. Rev. Father Smith, who was hospital chaplain in 1927, celebrated the Mass for the deceased members of the class.

Breakfast was then enjoyed in the hospital cafeteria, which was new to many. Next on the agenda was "cocktails at five" at the Royal York Hotel, followed by a dinner, held in a private dining room. The table was decorated in the School colours—red and white candles, a floral centrepiece of red and white, and individual boutonnieres (a red rose with a white ribbon bow).

On Sunday the Sisters arranged a tour of the hospital, followed by a Tea in the residence, where the table again was decorated attractively in red and white. Miss Connie McCarthy, who was in charge of the operating room in 1927 and now at Sunnybrook Hospital, poured tea.

The silver anniversary was greatly enjoyed and will long be remembered as a very happy occasion.

To Mae Madden and Marion Holmes is due the credit for arranging this successful reunion.

Those who attended were:

Mrs. Cyril McDonagh (Evelyn Watson), Willowdale, Ont.

Mrs. Boden (Aurel Gaudet), Dearborn, Mich.

Mrs. A. McLellan (Nan Clark), Mrs. Turnbull (Catharine Hughes), Mae Madden, Mrs. Farah (Marie La Rocque), Aida McMillan, Marion Holmes, Mrs. E. Fobert (Ivy DeLeon), Mrs. L. Montieth (Leona Scanlon), Mrs. Armstrong (Grace Hiland), Mrs. F. Kenny (Kay Fitzpatrick), Toronto.

Florence Gignac, Saginaw, Mich.

Mrs. C. Watson and Mary Blood, Ottawa.

Several notes of regret were received from those members who were unable to attend.
